

Program Performance Overview

Kidney Transplant

FACILITY:

University of Arkansas for Medical Sciences (UAMS)

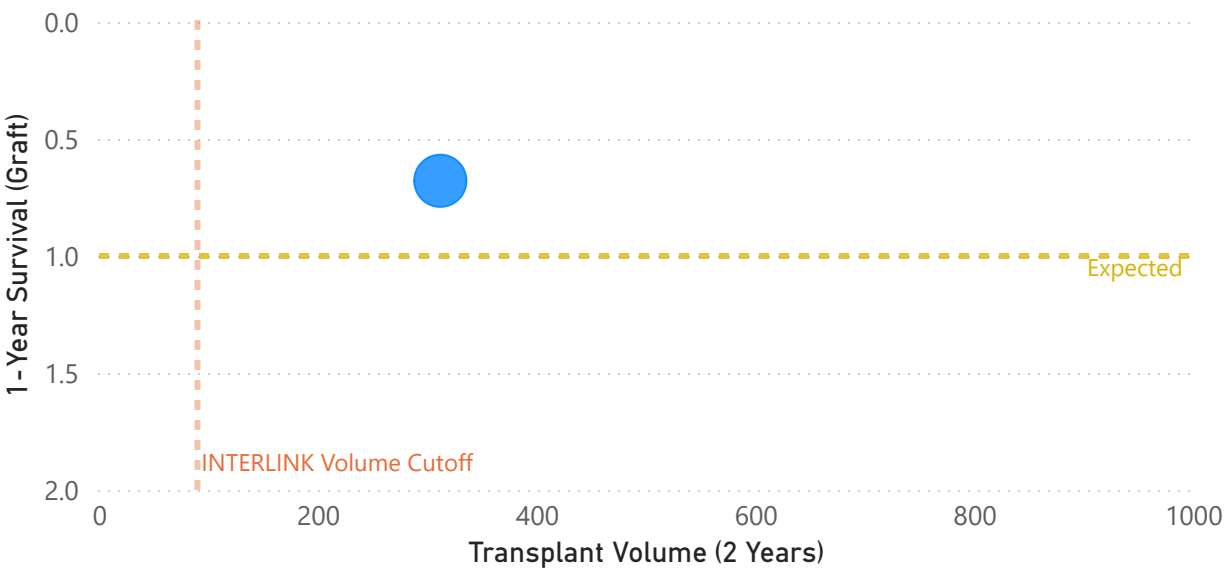

Program Performance Insights

INTERLINK's Performance Model Score

Performance Scores are based on comprehensive data analysis, comparing all national transplant programs meeting INTERLINK volume requirements.

1 Year Survival / Volume Data

Key Data Affecting Cost Considerations

Average Length of Stay Post-Transplant (Days)

3

Rate of Death after Listing (with or without transplant)

Greater than 1 signifies death occurs more frequently compared to other programs

0.6

Median Time to Transplant (Months)

4.6
