

## INTERLINK® Transplant Program Evaluation Worksheet

### Key Outcome Indicators

#### Transplant Type: Liver

#### NOTE FROM INTERLINK MEDICAL DIRECTOR

Choosing among transplant programs can be very important for both patient and insurer as not all transplant programs perform at the same level. INTERLINK is known for our Programs of Excellence Network, with decades of experience evaluating the quality of transplant programs. Below we identify key program metrics that play an important role in affecting the outcomes the transplant candidate may experience. This Program Evaluation Worksheet is designed to be of assistance in choosing an optimal transplant program. Along with it, we strongly recommend you ask lots of questions to your health care team about your options.

#### GENERAL PROGRAM INFORMATION:

Outcome Indicator	Data Source	Mayo Rochester	Un. of Wisconsin
Contact Information	Organ Procurement and Transplant Network <a href="https://optn.transplant.hrsa.gov/members/member-directory/">https://optn.transplant.hrsa.gov/members/member-directory/</a>	612-625-5115	608-263-7832
